LAND ECONOMICS

a quarterly Journal of

PLANNING, HOUSING & PUBLIC UTILITIES

VOLUME XXV

February 1949-November 1949

LEADING ARTICLES

ALEXANDER, ROBERT J. Housing in Chile.....146–154
ASCHMAN, FREDERICK T. Dead Land.....240–245
BARLOWE, RALEIGH. Population Pressure and Food Production Potentialities.....227–239
BLACK, JOHN D. (Chairman) Conference on Soil Conservation in the USSR.....333–364
BULIK, JOSEPH J. USSR: The Fifteen-Year Afforestation Plan.....358–360
CARR, WALLACE E. A New Simplified Approach to Mathematically Calculated Reserves for Depreciation for Accounting Purposes.....304–312
CRESSEY, GEORGE B. USSR: The Geographic Base for Agricultural Planning.....334–336
DARLING, PHILIP. A Short-cut Method for Evaluating Housing Quality.....184–192
DUFFUS, WILLIAM M. The Place of the Government Corporation in the Public Utility Industries..... 29–38
GROVES, HAROLD M. Impressions of Property Taxation in Australia and New Zealand..... 22–28
HASEL, A. A. A New Approach to Forest Ownership Surveys (Adon Poli, co-author)..... ... 1–10
HEWES, LAURENCE I., JR. On the Current Readjustment in Land Tenure in Japan.....246–259
JASNY, NAUM. USSR: Law on Measures to Ensure High and Stable Yields in the Steppe and Forest-Steppe Regions.....351–358
KRIMGOLD, DEV BER. USSR: Conservation Plan for the Steppe and Timber-Steppe Regions.....336–346
LONG, ERVEN J. The Severson Community: A Glimpse of Northern Wisconsin in Process.....193–207
MAISEL, SHERMAN J. Variables Commonly Ignored in Housing Demand Analysis.....260–274
MONSON, ASTRID. The Development and Practice of Compensation and Betterment in Present English Planning Law (Donald Monson, co-author)....173–183
NELSON, LOWRY. The Evolution of the Cuban Land System.....365–381
NESBITT, GEORGE B. Relocating Negroes from Urban Slum Clearance Sites.....275–288
NUTTONSON, M. Y. USSR: Some Physical and Agricultural Characteristics of the Drought Area and its Climatic Analogues in the United States..346–351
POLI, ADON. A New Approach to Forest Ownership Surveys (A. A. Hasel, co-author)..... 1–10
PRONIN, DIMITRI T. Land Reform in Poland: 1920-1945.....133–145
RAVER, PAUL J. Discussion of William M. Duffus' Paper..... 39–46
SCHWARZ, SOLOMON M. USSR: The Shelterbelt Program in Its Relation to Other Drought Control Projects.....360–362
SYMPOSIUM: FRONTIERS OF HOUSING RESEARCH..... 53–132
SMITH, LINCOLN. The Regulation of Some New England Holding Companies.....289–303
TYNDALL, D. G. The Stabilization of Investment in Two Public Utility Industries.....382–396
JOHNSON, V. WEBSTER. Land Economics Research 155–164
WENGERT, NORMAN. The Land—TVA—and the Fertilizer Industry..... 11–21
WILLIAMS, ERNEST W., JR. Railroad Rate Levels and Earning Power in an Era of Competitive Transport.....405–413
WOODBURY, COLEMAN. Housing in the Redevelopment of American Cities.....397–404
ZIVNUSKA, JOHN A. Some Aspects of the Economic Theory of Forestry.....165–172

REPORTS AND COMMENTS

Administrative Problems under the British Town and Country Planning Act of 1947.....427–432
Metropolitan Districts: Their Areal Relationships. 213–215
Mr. Hewes, Jr., On Land Tenure in Japan: A Reply.....433–434
On the Concentric-Circle Theory of Urban Growth 208–212
Problem-Solution Basis of Forward Pricing, The...423–427
Sanborn Map as a Source of Land Use information for City Planning, The.....216–219
Severance Taxes on Forest Products and Their Relation to Forestry.....315–319
Some Aspects of the Home — Work Relationships of Industrial Workers.....414–422
Urban Land Economics: A New Textbook.....313–314

SUBJECT MATTER

A

Agricultural-ecological characteristics, USSR. 349-351
Agricultural Land Adjustment Law, Japan. 253
Arable Land
  see Population pressure and food production; Soil conservation in USSR
Australia, property taxation in. 22-28

B

Baltimore, blighted areas evaluation
  adaption of census items. 188
  APHA technique. 185-186
  characteristics of housing surveyed. 191
  see also Taxation
Barlow Report 1940, basis of land planning (British). 174
Bonneville Power Administration
  device non-corporate. 45-46
Blighted areas
  see Housing

C

California
  see Forest ownership surveyed, new approach
Census, U. S. Bureau of
  definitions of housing terminology. 106-108
  See also, Baltimore, blighted areas evaluation; Concentric theory of urban growth
Chile, housing
  company-planned. 147-150
  industrial development. 146-154
  insurance funds. 154
  loans for. 153
  social legislation (1906). 151
Committee on Hygiene of Housing (APHA). 185-190
Competition and economic theory of Forestry. 165-172
Concentric theory of urban growth
  Census Bureau studies applied to Philadelphia. 209-212
  center-to-periphery growth. 209
  dynamics of urban expansion explored. 209-212
  housing and population data. 209, 210
Cuban land system, evolution of
  historical background of the encomienda. 365-369
  land grants versus grants of labor. 367
  Negro slave labor introduced. 368
  rise of sugar latifundia. 372-375
  subdivision of circular haciendas. 370

D

Demography
  see Population pressure and food production
Depreciation accounting
  development and selection of survivor data. 304
  original cost versus retirement liability. 306
  practical calculations of liability. 308
  stabilization of accrued liability. 306
Drainage
  see Poland, land reform

E

Economics, agricultural
  see Forward pricing
Encomienda
  right to the labor of Indians granted by the crown to a colonist (Cuba). 365-369
Ely, Richard T.
  tribute to, on research in urban land
    Coming City, The. 61
    Ideal of the City as a Well-Ordered Household. 61
    land and housing economics. 55-66
    Landed Property and the Rent of Land. 60
English planning law
  see Urban land(England)

F

Federal Communications Commission. 394
Federal Power Commission. 394
Fertilizer industry and TVA
  depletion of soil and annual row crops system. 12
  distribution incidental to restoration of fertility. 20
  history of fertilizer production. 11-16
  muscle shoals controversy. 14-16
  product and process research. 17
  test-demonstration activity. 18
  see also, government corporation in public utility industries
Flood control
  see Government corporation in public utility industries
Forestry, economic theory
  appraisal techniques. 167-170
  competitive type of ownership pattern. 165-167
  Marquis (Robert) on. 167
  Marshall (Alfred) on. 169
  production cost versus sale price. 166-172

residual determination forces....169
stumpage value theory....167
see also, Severance taxes
Forest ownership surveys, new approach to
line-sampling method used in California....2-10
pattern-of-ownership factors....2
relation of ownership to management....2
see also, Forestry, economic theory; Severance taxes
Forward pricing
problem-solution basis for
influence of price expectations on resource utilization....424
Marshallian system applied....423

G

Government corporation in public utility industries
characteristics, control and origin....31-33
corporate-device arguments....30-36, 40-46
multiple-purpose power projects....35

H

Holding companies, regulation in New England
history of Insull speculation in Maine....289-303
Maine prohibits export of hydro-electric power....289
textile prosperity in Maine....295
Housing in redevelopment of American cities
blight, congestion and segregation....398-399
definition of housing process....397
study of metropolitan economy....400
Housing research (symposium)
Census, U. S. Bureau of....106-108
demand, measurement of effective....103-115
Ely, Richard T. on....55-66
needs and standards....116-131
neighborhood concept....67-87
relationsips of technology and social research....89-101
see also, Chile, housing in; Baltimore, blighted area evaluation; Concentric theory of urban growth; Metropolitan districts: their areal relationships; Housing demand analysis; Housing in redevelopment of American cities; Journey to work
Housing
see Chile, housing; Baltimore, blighted area evaluation; Concentric theory of urban growth; Housing demand analysis; Negroes, relocating from clearance sites; Urban land (England)
Housing Act of 1949, U. S....274-288
Housing demand analysis
importance of a general demand function....261
income variations versus new housing demand....265-268
total effect of income shifts, 1940-47....273
variables commonly ignored....260-274
Hydro-electric power
see Fertilizer industry and TVA; Government corporation in public utility industries; Holding companies, regulation in New England

I

Industrial location
see Metropolitan districts: their areal relationships; Journey to work
Industrialization and government housing in Chile....146-154
Irrigation
see Government corporation in public industries; Poland, land reform; Soil conservation in USSR

J

Japan, land tenure in
Agricultural Land Adjustment Law....253
background of tenure system....246-248
investigation of tenant-family budgets....433
transfer plan under military rule....249-256
Journey to work
causal factors of locational pattern....414-422
distribution of workers by type of industry....421
size-of-city costs....421
summary of sampling survey analysis....414

L

Land, tax delinquent in Cook County
community development hindered....242-245
dead land creates blight....240-245
financial effects....241
Land Economics
see Fertilizer and TVA; Ely, Richard T., Research; Forestry economic theory; Review of *Urban Land Economics* (a textbook) by Richard U. Ratcliff
Land Economics research
areas of investigation....154-164
classification-of-land techniques....157
conservation and water problem....159
ownership and tenure factors....160-162
policy studies....163
see also, Forestry, economic theory
Land ownership
see Land economics research; Forestry, economic theory; Severson community, study of social-economic problems; Japan, land tenure; Cuban land system evolution
Land reform
see Poland, land reform; Cuban land system
Land-use
see Forest ownership surveys, a new approach to; Fertilizer industry and TVA; Poland, land reform; Forestry, economic theory; Sanborn map; Land, tax delinquent in Cook County; Cuban land system evolution

M

Malthusian doctrine
see Population pressure and food production
Marquis(Robert) and economic theory of forestry....167, 315-319
Marshal (Alfred)
on economic theory of forestry....169
on secular law of diminishing returns....236
see also, Forward pricing
Massachusetts State Planning Board
survey on industrial workers and location....414
Metropolitan districts: their areal relationships
concepts basic to research....213-215
see also, Housing in redevelopment of American cities
Middle West Utilities Company....288-290
Missouri Valley Authority
see Government corporation in public utility industries
Monopoly and forest economy....165-172
Muscle Shoals controversy
see Fertilizer industry and TVA

N

Negroes, relocating from clearance sites
criteria applied to Negro-occupied site....284
new characteristics of slum dwellers....280
prewar experience....276-279

three basic approaches....286-288
Neighborhood concept
see Housing research (symposium)
New England Public Service Company....289-302
New Zealand, property taxation in....22-28

P

Planning
see Housing research (symposium); Forestry, economic theory; Forest ownership surveys; Urban land (England); Sanborn map; Land, tax delinquent in Cook County
Poland, land reform: 1920-1945
agrarian policy under Soviets....141
consolidation of scattered parcels....137-138
deportation and resettlement....143
division of estates (pre-1939 period)....135-137
drainage and irrigation....139
servitutus dissolved....137
Population
see Poland, land reform; Concentric theory of urban growth; Metropolitan districts: their areal relationships; Population pressure and food production
Population pressure and food production potentialities
available land areas....235
Baker, O. E. on arable land....234
crop land requirements....231
impact of technological change....236
Malthusian doctrine examined....227-229
population trends....229
see also, Soil conservation in USSR
Port of New York Authority....30, 42
Power development
see Government corporation in public utility industries
Property taxation in Australia and New Zealand
improvement-exemption principle....24
land ownership and operation, correlation of....23
single-tax principle....22-28
values, unimproved land....23
Public Utility Holding Company Act of 1935....289
Public Utility industries
see Government corporation in public utility industries; Public utility investment; Railroad rate levels
Public utility investment
attitude of certain regulatory bodies....392-395
determinants....384-385
excess capacity and rate base....389-391
importance of stabilization....382-383
income-producing expenditures....383
Public utilities
see Holding companies, regulation in New England

R

Railroad rate levels
competitors' advantages....410
earning power and financial position....405-409
obsolescence and revenue deficiencies....412
Real property
see Taxation
Research
see Housing research; Land economics research; Severson community, a study of social-economic problems; Population pressure and food production
Rural land
see Severson community, study of social, economic problems
Russian Research Center, Harvard
see Soil Conservation in USSR

S

Sanborn map, the description of its uses....216-219
Securities and Exchange Commission....294
Servitutus
see Poland, land reform
Severance taxes
timber and other forest products
incidence of the tax....317
justification of tax....317
laws now in effect....315
relation to forest management....318
Severson community, study of social-economic problems
processes of growth and decline....192-208
public programs, effect of....200-207
Social research
see Housing research; Severson community, study of social-economic problems
Soil conservation
see Fertilizer industry and TVA
Soil conservation in the USSR
findings of Russian Research Center, Harvard
artificial irrigation....351
conservation plan for steppe and timber-steppe regions....336-346
crop rotations plan....356
drought area and climatic analogues in U. S. A. 346-351
ecological background....349-351
field-protection forest plantings plan....338-341, 355
geographic base for agricultural planning....334-336
shelter-belt program....336, 338, 360
Williams system....342-345
Soil erosion
see Fertilizer industry and TVA; Soil conservation in USSR
Sugar Defense Act of 1927 (Cuba)....376

T

Tax delinquency
see Taxation
Taxation
see Land, tax delinquent in Cook County; Property taxation in Australia and New Zealand; Severance taxes
Tenancy
see Cuban land system evolution; Japan, land tenure; Land economics research; Severson community, study of social-economic problems
Tenure
see Poland, land reform
Town and Country Planning Act of 1947 (England) 173-427
see also Urban land (England)
Transportation
see Railroad rate levels
Urban land
see Concentric theory of urban growth; Housing research (symposium); Urban land (England)
Urban land (England)
changes in development and ownership patterns
administrative problems under 1947 act....427-432
Barlow report of 1940....174
"compensation and betterment"....173-183
concept of near-ripe land....179
payments for depreciation of land values....178
